## **DIET NSS UNIT**

We are cordially inviting you all to join  
the event

**Road safety awareness for NH -16 users**

**Date:** 19 /12/2017

**PROGRAMMING OFFICER**  
**DIET NSS UNIT**

**PRINCIPAL**  
**DIET**

**A Report on**  
**Road Safety awareness for NH -16 users “on 19 /12/2017**

**ROAD SAFETY AWARENESS TO NH-16 USERS**

Road safety is a safety measure to reduce the risk of road accidents and road side injury because of the mistakes of people while driving on the road. We cannot count the daily road side accidents and death of people because of the driving mistakes and lack of road traffic rules followers. Every person going on the road has risk of injury or death. Such as pedestrians, motorists, cyclists, passengers. Etc.

Everyone needs to be well aware of the road traffic rules especially children and young people who are at significant road accident risks. According to the statistics (World Health Organization, 2008), it is found that most of the hospitalization cases and leading cause of death are because of the road trauma.

DIET NSS unit has initiated Road safety awareness program for all the road users from 19 December 2017. On every Saturday Volunteers with the assistance of traffic department will educate the road users about the safety measures to be taken while driving

Volunteers would stress the importance of wearing helmet, seat belt, and slow driving etc.
