A Report On

World Population Awareness Programme

World Population Awareness Programme is celebrated on 11th July each year. The day has exclusively been chosen to spread awareness about the problems arising due to the growing

population world over. Population is a growing concern in today's times. It is a leading cause for various other problems. By dedicating a special day to this concern, attention is drawn towards the issue that leads to this growing problem. World Population Awareness Programme, celebrated on the 11th of July each year, is a day to bring forth the problem of population and make the general public realize how their contribution can help in curbing this problem to a large extent. In order to highlight the various problems leading to population growth, different themes are set each year and activities related to the same are planned.
