Anakapalle

To,

The Principal,

Dadi Institute of Engineering & Technology,

Anakapalle, Visakhapatnam.

Sub: Request for Approval to conduct “Message on Precautionary measures for Covid-19” by
Chairman of Diet, Dadi Ratnakar – Reg.

Respected Sir,

We, NSS unit is going to conduct “Message on Precautionary measures for Covid-19” by
Chairman of Diet, Dadi Ratnakar. In this regard, we are you requesting to give approval to conduct
this event on 6-06-2021.

We request you to kindly approve and permit us to conduct this event to create awareness among
locality.

Thanking You Sir,

Yours faithfully

NSS UNIT

DIET INNOVATION & INCUBATION CENTRE

PRECAUTIONS FOR COVID-19

Resource Person: Dadi Ratnakar

Chairman, Diet

On the occasion of Covid-19 Pandemic spreading Dadi Ratnakar speaking to public about Precautions to be taken for Covid-19.

Due to unprecedented rise of covid-19 all over the world people have been suffering and experiencing health disorders and some people facing sudden demise. It is very sad to listen. To stop the spread of this covid among public, the Government of India and Government of Andhra Pradesh initiated a remedy of complete lockdown everywhere in order to diminish the spread of this covid and mortality rate. There is lot of difference between two waves of covid i.e the first one in 2020 and the second one in 2021. In the first wave, the victims of covid got hospitalized and recovered earlier within four to five day, but in the second wave the victims had to stay in the hospital for 40 to 45 days at least to get complete recovery. At some places some victims in spite of staying in hospital for a long time and got good medication, faced death ultimately. It is very sad to listen.

But it is happy to listen the cases have been diminished due to lockdown and social distance implemented by central Government and state Government even though government would get financial crisis. Gove prioritized the lives of people is more important than money crisis, with this view our state give strictly implemented lockdown in our entire state and then after the lift of lock down the people should again follow the social distance and wearing of mask without any prejudice.

And one important thing that is the coming month is the season of marriages and all auspicious celebrations. I humbly would like to make to appeal to all the people not to invite more than 50 persons (guests) for any celebration either marriage or anniversaries (auspicious and inauspicious) that would happen in your house and not to provide meals or tiffins to guests. And the guests would not render to eat tiffin or meals by removing a mask. If one covid victim were there in that small gathering then the entire gathering would have chances to get affected with covid. This kind of incidents we have seen and heard in the newspapers and in TV news telecast. So, be careful while attending any kind of celebrations, there also you would have to follow strict lockdown precautionary measures to safe guard yourself and to safeguard others too. I would request people to attend any event, if it is can't but, and bless the event by spreading yellow rice only. After getting complete normal position in our city and everywhere and when once the government lifts the lockdown action, resort to the normal life then we could conduct our celebrations in a normal way by inviting any number of guests. Till then we should have self-control on us. It is in our hands to throw away this deadly covid from us completely only by following all strict precautionary measures imposed by Government of Andhra Pradesh. We should be thankful to state Government for taking all precautionary measures to look after the well-being of the people and keenly taken care of every person got vaccinated with first dose and second dose also.

Objectives:

- To stop the spread of covid among public
- Wearing Masks and maintaining social distance is mandatory
- To decrease Number of Deaths

Outcomes:

- Government of India and Government of Andhra Pradesh initiated a remedy of complete lockdown everywhere so it diminished the spread of this covid and mortality rate.
- Maintaining social distance, Use of sanitizers and wearing masks had reduced number of death cases.

Resource Person Profile:

Dadi Ratnakar is currently a Chairman of Dadi Institute of Engineering and Technology, Anakapalle, Andhra Pradesh.
