Anakapalle,
Dt: 16/08/2022

From,
Mr. Hemanth Kumar Yerrabolu
Training and Placement Officer
Dadi Institute of Engineering & Technology.

To,
The Principal Sir,
Dadi Institute of Engineering & Technology.

Sub: Permission for conducting A Session on “DRONE TECHNOLOGY” on 22-08-2022
for III B.Tech Students – Reg

Sir,

With due respect, here by stating that, I, on behalf Training & Placement Cell request you to give approval to conduct A Session on “DRONE TECHNOLOGY” on 22-08-2022 for III B.Tech Students.

We, therefore, hope that you would be kind enough to permit us to conduct A Session on “DRONE TECHNOLOGY” on 22-08-2022 for III B.Tech Students in Seminar Hall-1(AC), DIET CAMPUS and oblige thereby. Kindly grant us the permission. Awaiting anxiously for your reply.

Thanking you Sir,

Yours Sincerely,

Permitted
Hemanth Kumar Yerrabolu
PRINCIPAL
Dadi Institute of
Engineering & Technology
ANAKAPALLE - 531 002.

A SESSION ON “DRONE TECHNOLOGY”

The Training & Placement Cell of Dadi Institute of Engineering and Technology have successfully organized an informative session on “Drone Technology” to III B.Tech students on 22-08-2022 in Seminar Hall-1(AC), DIET Campus. With an objective to create learnability skills in the students towards the applications of Drones the session has been organized.

Development is closely related with advancement of technology. Technology advancement has a lot of impact on the quality of life. With these fast paced technological advancements, we see that technology is present in all sectors virtually. For this reason, it became a necessity to integrate technology in all the sectors. As we know, that nations had invested a lot in technology advancement. The main reason behind this was that many anticipated another war and all countries were working towards preparedness in the event of war. This led to many technology research and innovations. One of them which is trending is Unmanned Aerial Vehicles (UAVs) or simply drones.

The creation of many technological advancements we have today are often a result of society creating a demand for more efficiency in everyday tasks. This growing demand leaves room for tech engineers alike to rise and attempt to meet this demand with new technologies and AI systems. Simply put, companies that rise to fulfill this call of high technological needs, investments and maximize usage of AI systems alike are expected to perform the best.

Mr. S K Venkata Satish garu, DRDO Expert Panel Member – Technology Development Program was the Resource Person for the session. He was accompanied by Mr. P.Suneel Kumar garu, CEO of SoftTech Solutions.

A SESSION ON "DRONE TECHNOLOGY"

SESSION DATE : 22-08-2022
 VENUE : SEMINAR HALL-1(AC), DIET CAMPUS
 TIMINGS : 10.30 AM TO 12.30 PM

RESOURCE PERSON
 MR. S K VENKATASATISH
 DRDO EXPERT PANEL MEMBER-
 TECHNOLOGY DEVELOPMENT
 PROGRAM

Drone Technology session Poster

The Resource Person has explained the origin of Drone to the students stating that the first drone was invented in the Israel by a student of 14 years and inspired the DIET students to be innovative in their approach towards the development of the Nation.

Further he explained the big picture where the drone technology has extended its roots to various sectors with respect to its market and the technology future expansions and its scope to present generation students to convert the same into their career.

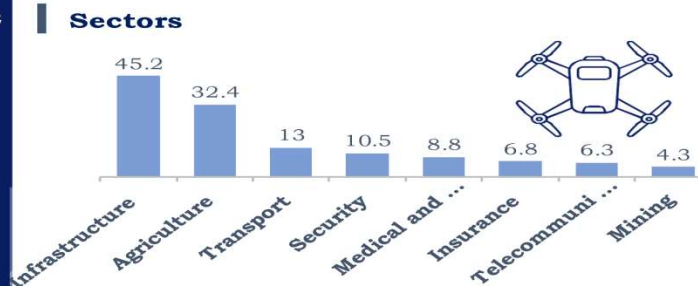

He further added, with ever growing population in the world, the drone technology plays a vital role in increasing the food production by giving examples of recent research developments using the drones.

THE BIG PICTURE

Take away of Drone market size by 2025 is \$ 42.8 billion USD.

Asia and Middle East is going to contribute at least 50% of the market.

India itself estimated \$ 18 Billion by 2030.

BRIEF ON MARKET SECTOR WISE

- 1 **• AGRICULTURE**
 - The global agriculture drone market in 2020 is estimated for more than US\$ 1.3 Bn and expected to reach a value of US\$ 10.5 Bn by 2028 with a significant CAGR of 35.6%.
- 2 **• CARGO**
 - The global Drone Logistics and Transportation market size is projected to reach USD 12 billion by 2028, from USD 5 billion in 2021, at a CAGR of 10.8% during 2022-2028.
- 3 **• INFRASTRUCTURE**
 - The sector which was around Rs 13,00,000 crores in 2020 is projected to cross Rs. 48,00,000 crores by 2025 and reach Rs. 75,00,000 crores by 2030.
- 4 **• DEFENSE**
 - The global Military Drone market size is estimated to be worth USD 11.7 billion in 2022 and is forecast to be a readjusted size of USD 17.27 billion by 2028 with a CAGR of 6.6%
- 5 **• COMMERCIAL**
 - Global Commercial Drone market size is estimated to be worth US\$ 6.5 billion in 2022 and is forecast to a readjusted size of US\$ 34.5 Billion by 2028 with a CAGR of 32.0% during the review period.

He further explained about the market wise demand of the drone technology briefly which students found amusing.

He also explained the drone based technology and their applications like infrastructure health monitoring, agriculture, security and surveillance, their design and development methodologies.

MAIN APPLICATION AREAS

- Drones – Design, development, maintain and operations of large variety of drones and associated systems including their payloads, power systems, avionics etc
- Infrastructure Health Monitoring Solutions- Highways, Bridges, High rise building, dams and irrigations projects, Power lines, Telcom towers, Power plants etc
- Agriculture – Crop monitoring, spraying, seeding, Land analysis, GIS mapping etc
- Security and Surveillance – Public safety, general surveillance, military applications, coastal surveillance, emergency response surveillance etc.

DRONE BASED TECHNOLOGIES

□ **Hawks in the Sky** gives leverage to the authorities with the intelligence power to fully control, predict and respond to the events well in advance. It takes the authorities to a new level of an optimized command and control of the cities towards public safety and security that ensures the highest Nation's security

□ **The Neural Farms** is a Integrated Agricultural platform that uses drones, data fusion, VPS and block chain technologies towards controlled activities from a barren land to consumer. Our cutting-edge platform is a key to enabling world-class practices for a safe, healthy, and sustainable food supply chain.

□ **Innovative On-board intelligence** and guidance module to steer and clear enforced restricted zones and other ad-hoc regulation controls with remote direct link modules for SBAS/GBAS/GNSS (Satellite Based Augmentation System/Ground Based Augmentation System/ Global Navigation Satellite System) based Unmanned Aerial Vehicles commonly known as UAV/drones/RPV(s)/RPAS

He explained in detail about the outside of a handful of inventors who had already been experimenting with the technology. He added that, Drones are technically unmanned aircrafts or we can say simply a flying robot. The drones can be controlled by remote or can fly autonomously with the help of software which are programmed using techniques of embedded systems in conjunction with the onboard sensors and Global Positioning System (GPS). Drones have a unique advantage in being able to provide live data from a range of sensors (including multispectral, NIR and lidar) to perform in-depth analysis of crop health and more.

2. Drones and Digital Mining: Drones are beginning to have a profound effect on mining. Hexagon Mining is shaping change by applying UAVs to solve challenges in the industry: better blast optimization, improved safety, faster surveying, and construction of the most comprehensive and continuous project datasets. Foot traffic is not allowed or is ill-advised in many parts of a mine. Obtaining measurements with a surveying rod, total station or GNSS can be problematic. UAV aerial photography and remote sensing allow us to capture all that information without putting someone in harm's way. Aerial photogrammetry has been around for as long as the airplane.

During the entire session, students have thoroughly learned and have interacted with the resource person to clarify their doubts regarding the technology

Students Participated in the session
Students' Interaction with the Resource Person

Students' Interaction with the Resource Person

FEEDBACK FORM ON

Drone Technology ,

Name of student : A. Nawn Viswa Teja

Class & Section : CSE

1. Relevance of Drone Technology to my needs

- strongly agree
- Agree
- Neutral
- Disagree
- strongly disagree

2. Session were clear and understandable.

- strongly agree
- Agree
- Neutral
- Disagree
- strongly disagree

3. Has the Session attained its objectives?

- Yes
- No

4. Was the Content well organized

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

5. Resource persons were effective.

- Strongly agree
- Agree
- Neutral
- Disagree

Strongly disagree

6. Queries were encouraged

Strongly agree

Agree

Neutral

Disagree

Strongly disagree

7. Was it useful for your future Development

Strongly agree

Agree

Neutral

Disagree

Strongly disagree

8. Overall how would you rate this event

Excellent

Very good

Good

Fair

Poor

9. Was the Duration of the session sufficient?

Yes

No

10. Propose the name program you will be interested in participating in future also give suggestions to improve the session

- NO -

Report on Conduction of Cambridge ESOL Examinations for the **Academic Year 2022-2023**

DIET, a Leading Educational Institute demeanours Cambridge ESOL Examinations every year in the campus as a part of Cambridge Preparatory Exam Centre. DIET conducts Business English Certificate (BEC) training classes for all the students. Vigorous training on the four modules: Listening, Speaking, Reading and Writing was provided for the students. They participated enthusiastically in the sessions. They could able to gain confidence in speaking ability. Moreover, they also have developed writing, reading, and listening skills. The sessions were on collaborative tasks & were interactive, which made the students more active and they grasped the contents momentarily and nurtured to overcome hesitations, qualms, fear of public speaking, low confidence, writing skills, voice modulation, accent and pronunciation.

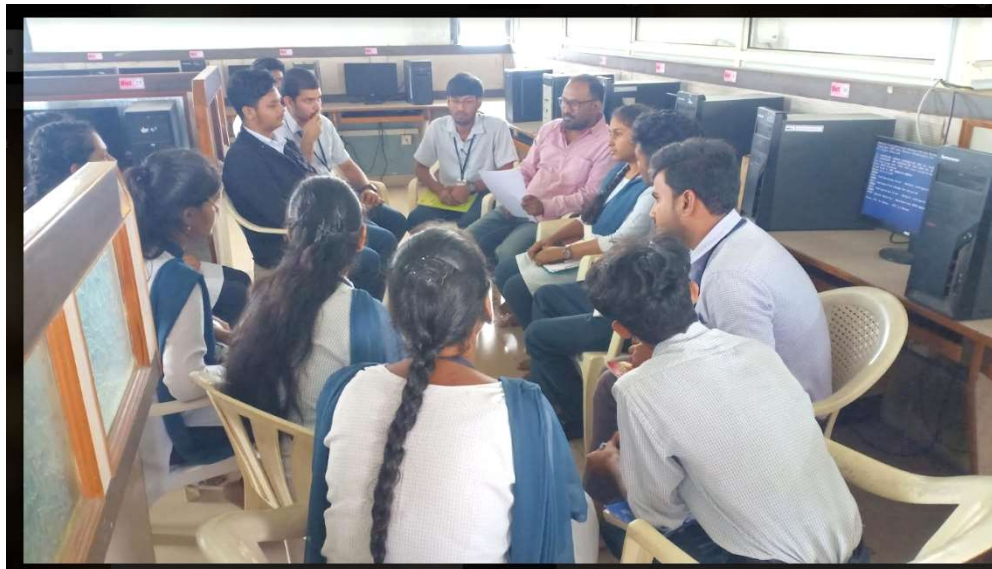

Speaking Activity for students

Collaborative activity

Writing practice by students

Session by Mr. Ch.Lakshman, Cambridge Regional Head, Vizag

Session by Mr. Bharat BEC, Cambridge Regional Head, Hyderabad

BEC Registration Sheet

BEC Preliminary exams were held on **23rd & 24th November 2022** for Speaking and Reading, Writing and Listening respectively. 27 Students along with three faculty attempted the tests and were happy with their performances. All the applicants were empowered with confidence for the next level exams as well. Results were declared on 13th December 2022. All the students qualified the examination with great scores.

Business English Certificate Preliminary
Statement of Results

Candidate name: **Kalla Hemanth Sai Harahavardhan**
Session: **23 NOVEMBER 2022**

Place of entry: **BELAGAVI**

Result: **Pass With Distinction** Overall Score: **161** CEFR Level: **B2**

CEFR Level	Cambridge English Scale	Certificate Results	Reading	Writing	Listening	Speaking
B2	160-170	Distinction	178		161	
B1	140-159	Merit		154		158
A2	120-139	Pass				

Business Preliminary assesses English used in the context of business at Level B1 in the Council of Europe's Common European Framework of Reference.

Candidates achieving a **Pass with Distinction** (between 160 and 170 on the Cambridge English Scale) receive a certificate stating that they have demonstrated ability at Level B2. Candidates achieving **Pass with Merit** or **Pass** (between 140 and 159 on the Cambridge English Scale) receive a certificate at Level B1.

Candidates whose performance is below Level B1 (but falls within Level A2 (between 120 and 139 on the Cambridge English Scale)) receive a certificate stating that they have demonstrated ability at Level A2.

Examination results can be quickly and securely verified online at www.cambridgeenglish.org/verify

THIS IS NOT A CERTIFICATE
Cambridge Assessment English reserves the right to amend the certificate print unless otherwise notified in writing.

Results

Result	Score
Pass with Distinction	160 – 170
Pass with Merit	155 – 159
Pass	140 – 154
Level A2	120 – 139

Candidates who take Business Preliminary and score between 100 and 119 on the Cambridge English Scale do not receive a result. CEFR level is certificate.

Cambridge English Scale scores below 100 are not reported for this examination.

Other

S - the candidate was absent from part of the examination
Z - the candidate was absent from all parts of the examination
Pending - a result cannot be issued at present, but will follow in due course
Withdrawn - the candidate should contact their centre for information
Exampt - the candidate was not required to sit this part of the examination

Report on British Council English Score Examination **Academic Year 2022-2023**

DIET, being a Premier Educational Institute focuses on value-based education and creates a holistic environment that not only imparts knowledge but also nurtures the character and values of its students. This approach helps produce well-rounded individuals with academically proficiency. DIET is a Cambridge Preparatory Exam Centre and conducts Cambridge ESOL Examinations every year. Along Cambridge examination, DIET is also now an integral part of British Council English Score Test. English Score is the only four skills tests delivered on a mobile phone, making it the most convenient and accessible recognised English test in the world. It uses latest AI technology to enhance test security and validity. The English Score test can be taken at anytime, anywhere, and provides an internationally recognised CEFR result within 24 hours. British Council English Score certificates are recognised by institutions and employers around the world. They are a respected record of English proficiency that test takers can add to their professional profiles to help them secure employment.

English tests are conducted worldwide to assess and certify individuals' English language proficiency, which is essential for a wide range of opportunities and activities in today's interconnected world. Conducting English tests ensures that individuals can effectively communicate in a language that is widely understood in international business, diplomacy, and academia. At the outset, DIET is been instrumental in conducting training sessions for students and staff to attempt various globalised English tests.

FEEDBACK FORM ON British Council English Score Exam

Name of Student : P. Gayathri?
Class & Section : CSM-B

1. Relevance of British Council English Score Exam to my needs
 - strongly agree
 - Agree
 - Neutral
 - Disagree
 - strongly disagree
2. British Council English Score Exam classes were clear and understandable
 - strongly agree
 - Agree
 - Neutral
 - Disagree
 - strongly disagree
3. Has the British Council English Score Exam classes attained its objectives?
 - Yes
 - No
4. Was the Content well organized
 - Strongly agree
 - Agree
 - Neutral
 - Disagree
 - Strongly disagree
5. Resource persons were effective.
 - Strongly agree
 - Agree
 - Neutral
 - Disagree
 - Strongly disagree

6. Queries were encouraged

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

7. Was it useful for getting a job

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

8. Overall how would you rate this program

- Excellent
- Very good
- Good
- Fair
- Poor

9. Was the Duration of the training sufficient?

- Yes
- No

10. Propose the name program you will be interested in participating in future also give suggestions to improve the session

Increase practice sessions.

Anakapalle,
Dt: 19/08/2022

From,
Mr. Hemanth Kumar Yerrabolu
Training and Placement Officer
Dadi Institute of Engineering & Technology.

To,
The Principal Sir,
Dadi Institute of Engineering & Technology.

Sub: Permission for conducting CST Classes from 22-08-2022 to 10-09-2022 for IV.
B.Tech Students – Reg

Sir,

With due respect, here by stating that, I, on behalf Training & Placement Cell request you to give approval to conduct CST Classes from 22-08-2022 to 10-09-2022 for IV B.Tech Students

We, therefore, hope that you would be kind enough to permit us to conduct CST Classes from 22-08-2022 to 10-09-2022 for IV B.Tech Students in the Google meet Platform, and oblige thereby. Kindly grant us the permission. Awaiting anxiously for your reply.

Thanking you Sir,

Yours Sincerely,

Permitted.

FEEDBACK FORM ON COMPANY SPECIFIC TRAINING

Name of Student: M. Lowkya

Class & Section : EEE

1. Relevance of CST to my needs

- strongly agree
- Agree
- Neutral
- Disagree
- strongly disagree

2. CST classes were clear and understandable

- strongly agree
- Agree
- Neutral
- Disagree
- strongly disagree

3. Has the CST attained its objectives?

- Yes
- No

4. Was the Content well organized

- Strongly agree
 - Agree
 - Neutral
 - Disagree
 - Strongly disagree
-

5. Resource persons were effective.
- Strongly agree
 - Agree
 - Neutral
 - Disagree
 - Strongly disagree

6. Queries were encouraged
- Strongly agree
 - Agree
 - Neutral
 - Disagree
 - Strongly disagree

7. Was it useful for getting a job
- Strongly agree
 - Agree
 - Neutral
 - Disagree
 - Strongly disagree

8. Overall how would you rate this event
- Excellent
 - Very good
 - Good
 - Fair
 - Poor

9. Was the Duration of the training sufficient?
- Yes
 - No

10. Propose the name program you will be interested in participating in future also give suggestions to improve the session

This is very important session for our placement.
I will attend all session in future also.

Respectable

Sub: Permission for conducting Online CRT Cracker Session for III B.Tech Students – Reg

Sir,

With due respect, here by stating that, I, on behalf Training and Placement Cell request you to give approval to conduct Online CRT Cracker Session from 22-07-2022.

We, therefore, hope that you would be kind enough to permit us to conduct Online CRT Cracker Session, oblige thereby. Department Placement Coordinators will take care of all the arrangements to Organize the CRT effectively. Kindly grant us the permission. Awaiting anxiously for your reply.

Thanking you Sir,

Yours Sincerely,

permitted

Attended by : IV B.Tech

The Training and Placement Cell of DADI INSTITUTE OF ENGINEERING AND TECHNOLOGY is a unique unit which handles all sorts of trainings for B.Tech and MBA students of our Institution. It also provides best placement opportunities for eligible student of our college. Vision is equipping all our students with conceptualized professional skills and providing them a path towards a bright future. Mission is to Strive and achieve 100% placement.

The base line of these classes was to improve the communication skills and soft skills of the students and to extract their hidden talent of speaking by conducting extempore, group discussions and many more classroom activities. Communication skills like listening, speaking, reading, and writing were well trained by many lectures

Goals:

- To enhance the employability skills among our students such that they meet out the corporate expectations.
- To improve and focus on the industry – institute relationships.

DADI INSTITUTE OF ENGINEERING & TECHNOLOGY

(Approved by A.I.C.T.E., New Delhi & Permanently Affiliated to JNTUK, Kakinada)

FEEDBACK FORM ON Online CRT Cracker Session

Name of Student: Sai Rohini
Class & Section : CSE

1. Relevance of CRT to my needs

- strongly agree
- Agree
- Neutral
- Disagree
- strongly disagree

2. CRT classes were clear and understandable

- strongly agree
- Agree
- Neutral
- Disagree
- strongly disagree

3. Has the CRT attained its objectives?

- Yes
- No

4. Was the Content well organized

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

5. Resource persons were effective:-
