STUDENT ACTIVITY CENTRE

In any traditional or modern approaches, the educational system is between mentor and student. As the Institutes primarily focus on the Teaching & Learning process, there require some additional motivation to the students to meet the standards of Industry as well as the society.

Intellectual Innovation, social engagement and universal sustainability demand the students to groom their diverse values, communication skills and hidden talents. These diverse values would complement the academic and co-curricular streams of the institution. Hence, club activities play a pivotal in transforming students' passion and hobbies into socially skills desirable for the present global demands. With more self-efficacy, students would get an opportunity to enhance their performance skills in diverse social scenarios.

Purpose: Encouraging student to move over to activities for which he/she has a passion

To become a member, one must show up to club meetings at the beginning of the semester. The club, as a unit, will decide when it is appropriate to finalize the official roster for the semester.

The coordinators at the top level would invite students those who are interested to be as members of the individual club to look after the activities as per schedules. (duration of the membership may vary as per the requirement)

- It is mandatory for the Coordinator, (both student & faculty as well) to attend meetings.
- Meeting shall be conducted once in a month to initiate discussion on the progression of the club activities.

- Event Calendar must be constructed and it is mandatory to follow it. The calendar for each semester consists of Awareness programs, Workshops and Events
- Club Coordinators should maintain proper documentation of event and finance. Club Coordinators are responsible for the funds and resources that are issued by the management.

By following certain specific approaches, DIET facilitates better opportunities to the students for conducting Curricular and co-curricular activities. In this regard a separate **Student Activity Center** (SAC) is established and handled by students, which provides an excellent Opportunity and awareness to the students.

The following are the activities handled by the students during each semester at the **Student Activity Centres (SAC):**

1. Communication Club
2. Music Club
3. Literary and Cultural club
4. Dance Club
5. Sports, Yoga and Meditation club
6. Art Mart
7. DIET Volunteer Club
8. General discussion Club
9. Green Club

1. Communication Club:
This club facilitates and inculcates the habit of English reading which will enhance the communication skills. This club will motivate the students to get habituated to read some good English Novels or magazines etc. This Club conducts General Knowledge Quiz Competitions for the entire college during the National Tech Fests, Annual Day Competitions, Hostel Day Celebrations, etc. This is a monthly event.

Faculty Coordinator: Mr. P.V Murali, Assistant Professorin English

2. Music Club:
Music club has been set up to encourage talent in music instrumental as well as vocal. It is the best way to express our emotions and feelings. The club will help students to retain and enhance their own individual love of music. It also helps our

community, developing a sense of group identity and togetherness. Music enables our students to better understand the world we live in.

Music is the fabric of our society, and music can shape abilities and character. Students in band or orchestra are less likely to abuse substances over their lifetime. Musical education can greatly contribute to children's intellectual development as well.
This DIET Music club facilitates the music classes with all the musical instruments i.e Guitar, thabula, Drums, Organ etc,
Music Teacher: Mr. P. Kiran Kumar

3. DIET Literary and cultural Club (DLCC):
The club conducts literary activities such as debates, dramas, group discussions, interactive sessions, skits, poetry and short story writing, storytelling, and quiz contests.
Art is not what you see but what you make others see". With this belief in mind, DIET endeavors to showcase life as they see it through the eyes of art. Arts and Cultural Club is an ambitious, all-inclusive one. It is a tempting, artistic, beautiful meeting-place for anybody with passion. The clubs' mission is to bring out the hidden talents among students and also provide them a stage where they can showcase their arts and cultural talent and interest. The club provides lot of opportunities in the form of competitions and workshops for igniting the spark of interest present in the budding technocrats and honing their skills towards showcasing their talents.
Faculty Convener: Mrs. D. L. Mythri, Asst. Professor in ECE

4. Dance Club:
The motto of the Dance Club is to nurture the talent, celebrate the diversity and give expressions to the creativity of young minds. It encourages students to participate in various inter and intra college dance competitions. The club is actively involved in organizing various dance competitions in the institute. DIET Dance club makes the students to adapt creative, fun and easy way of learning dance. Dance club keeps the students to be fit, socialize and learning skills through dance. Students participated in other colleges and also brought laurels for the college.
The main purpose / objectives of this club

- To strengthen the students creative skills in live performance through dance forms.
- To enhance the dance talent among the students.
- To encourage the students to actively participating in various dance events conducted within the campus and outside the campus.
- To showcase the talents of the students in various forms of dance.

Dance Teacher: Ms. P. Jagruthi

5. Sports, Yoga and Meditation Club:

Sports club encourages students to develop their sports skills in various outdoor and indoor games like Football, Handball, Tennis, Cricket, Ball Badminton, Kabaddi, Basket Ball, Volleyball, Athletics, Chess, Carom Board, Table Tennis, Shuttle Badminton, Physical Fitness Program (will be conducted in Gym), Weight Lifting. Our institute has grounds and equipment for each of these sports. The club also encourages the students to participate in Inter College and Intramural College sports competitions.

- Outdoor Activities

  Football, Tennis, Cricket, Handball, Kabaddi, Basket Ball, Volleyball, Shuttle Badminton, Ball Badminton, Throw Ball, Tennikoit and Athletics.
- Indoor Activities

  Chess, Carom Board and Table Tennis

In addition to Sports activities, Yoga and Mediation Classes are also conducting in the institute by Yoga teachers.

Yoga Coordinator: Mr. M. Ramesh, Asst. Professor in H&BS

Sports Committee Coordinator: Mr. B. Ch. Srinivasa Rao, Physical Direcctor

6. Art Mart:

This club brings out the hidden talent of the student in the areas of painting, printing, drawing, model building, and sculpting. This is an early event.

7. DIET Volunteer Club (DVC)

This Club is completely dedicated for first years for welcoming the students and for helping in organizing the Orientation day, fresher's days, Technical fests, Cultural fests, Alumni meets etc

Daculty Coordinator: Mr. A. Krishna Nag, Asst Professor *in EEEE*

8. General Discussion Club:

This club presents a news bulletin every fortnight to apprise of the events in the fields of Science & Technology, Sports, Economy, national and International news that made headlines in that particular period. Training & Placement Cell is coordinate this club

Faculty Coordinators: Mr. Y. Hemanth Kumar, Asst professor in CIVIL and Mr. R. Sunil Kumar, Asst Professor in ECE

9.Green Club:

The activities of this club mainly focuses on environmental awareness and improvement of environment such as upliftment and conservation of trees and makes people aware of environmental problems such as deforestation, land degradation, water pollution, and global warming caused by thoughtless greed's of humans

Faculty Coordinator: Mr. S. Sudheer Kunar, Asst. Professor in CIVIL

DADI INSTITUTE OF ENGINEERING & TECHNOLOGY

DIET IEEE STUDENT BRANCH

Date: - 22/10/2022 – 23/10/2022

IEEE Xtreme is a global challenge in which teams of IEEE Student members – advised and proctored by an IEEE member, and often supported by an IEEE Student Branch – compete in a 24-hour time span against each other to solve a set of programming problems.

Participants receive sets of programming problems over 24 hours, starting at 0:00 UTC (5:30AM IST) on the competition date. All teams receive the same problems to solve and are expected to solve the problems without direct outside consultation. Teams don't need to tackle every problem, but the more they solve, the more points they score. Points are awarded based on how the problem was solved, the time it took, and its difficulty. Higher-grade IEEE members serve as judges and proctors for the competition.

The competition is free, but IEEE Student Membership is required to participate. Students - undergraduate and graduate - are welcome to register as IEEE Student Members and participants in IEEE Xtreme on the same day. The cost of IEEE Student Membership varies from country to country.

IEEE Xtreme 16.0 started at 5:30 AM(IST) on 22/10/2022 and ended at 5:00 AM(IST) on 23/10/2022

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Report on "**Professional Activities**" Organized by Department of Computer Science and Engineering in Association with CSI Student Chapter.

Event Name: Blind Coding, E-Sports BGMI

Venue: Dadi Institute of Engineering and Technology

Date:28th and 29th March 2023

DIET Computer Society of India(CSI) organized a **"Programming Marathon"** in the month of January 2023. This contest & competition was organized as a part of Computer Society of India student chapter with an objective to enhance, encourage Coding skills and solving ability among students.

About CSI:

Computer Society of India(CSI) is the first and largest body of computer professionals in india. It was started on 6 march 1965 by a few computer professionals and has now grown to be the national body representing computer professionals.

RULES:

- Each participant has to write the code for given problem, with MONITOR OFF.
- Participants whose code gets executed will be given higher preference.
- The second preference will be given to code with least number of errors.
- In case of tie in number of errors, TIME of SUBMISSION will be considered.

In this contest, the coders compete while also improving their overall algorithmic knowledge. The coding contest helps students and professionals to tackle a problem by reading the concepts one doesn't know, and also gain practical experience by coding the solution to the problem, thus improving their skills significantly. This coding competition packs the excitement of programming with the fun of learning into one compelling challenge.

Poster Presentation of Events:

Report on "Programming Marathon-Participate and Improve your Coding Skills"

Organized by

Department of Computer Science and Engineering in Association with CSI Student Chapter on 27th January 2023

Event Name: Programming Marathon

Venue: Dadi Institute of Engineering and Technology

Date:27th January 2023

DIET Computer Society of India(CSI) organized a **"Programming Marathon"** inthe month of January 2023. This contest & competition was organized as a part of Computer Society of India student chapter with an objective to enhance, encourage Coding skills and solving ability among students.

About CSI:

Computer Society of India(CSI) is the first and largest body of computer professionals in india. It was started on 6 march 1965 by a few computer professionals and has now grown to be the national body representing computer professionals.

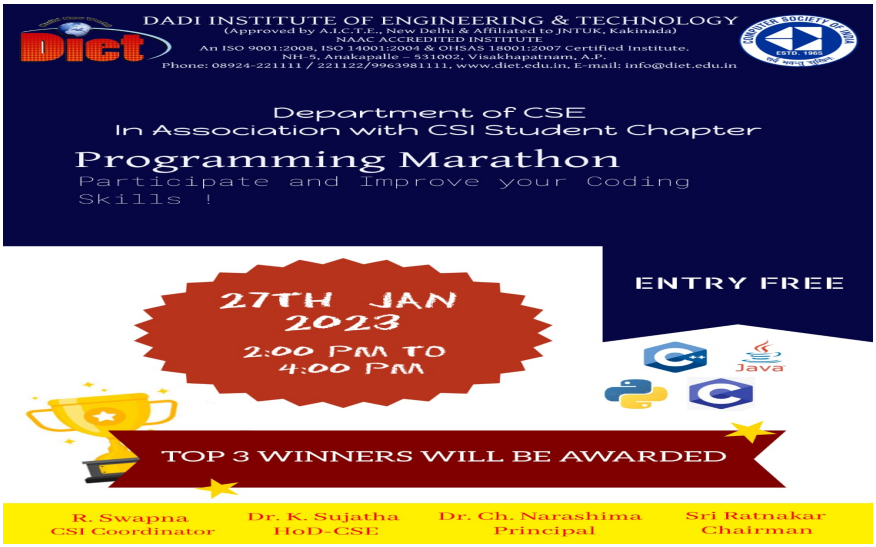
Competitive programming is programming in a competitive environment. It is a mind sport (mental competition), carried out via the internet or in person and involves participants from the technology area, who try to solve a series of problems according to some specifications, using programming.

A programming competition usually involves presenting a set of logic or math problems to the contestants and requiring them to write computer programs capable of solving each of those problems. The one that solves the most problems wins and there are tie-breaking criteria such as resolution speed and others.

Thus, the participation of programmers in this type of competition prepares them, in a playful way, for different real life scenarios. Every technology company seeks not only technical

preparation in its professionals, but also many of the so-called soft skills, which are overdeveloped in events such as the Marathon. The professional history of competitors from previous editions proves how much this competition adds to the professional future of its participants, given that most of them are employed in the largest technology companies in the world. Furthermore, the companies themselves look for former marathon competitors, knowing that the preparation that this event brings to them is a highlight.

The Participated students of Programming Marathon got benefited by **Hacker rank free account**. At the end of the session prizes had been distributed to the students who got 1st ,2nd and 3rd places in the contest.



Students Participated in Programming Marathon

List of Participants

S.NO	ROLL NO.	NAME OF THE STUDENT
1	20U41A4410	DODDI SRI HARI SAI KUMAR
2	21U41A0582	MALLA THANUJA

Report on " Technical Quiz "

Organized by

Department of Computer Science and Engineering in Association with CSI Student Chapter on 10th November 2022

Event Name: Technical Quiz

Venue: Dadi Institute of Engineering and Technology

Date:10th November 2022

DIET Computer Society of India(CSI) organized a **"Technical Quiz"** in the month of November 2023. This contest & competition was organized as a part of Computer Society of India student chapter with an objective to enhance, encourage Coding skills and solving ability among students.

About CSI:

Computer Society of India(CSI) is the first and largest body of computer professionals in india. It was started on 6 march 1965 by a few computer professionals and has now grown to be the national body representing computer professionals.

Tech quiz are a great way to test your knowledge and keep up-to-date with the latest trends in the tech industry. These quizzes can cover a wide range of topics such as programming languages, web development, hardware, software, and cyber security. Taking part in a tech quiz is not only fun, but it can also help you identify areas where you need to improve your knowledge and skills. Many companies and organizations use tech quizzes as part of their recruitment process to assess the technical aptitude of potential candidates. These quizzes can help employers identify candidates who have the necessary skills and knowledge to perform specific tasks or work on specific projects.

programming.

A programming competition usually involves presenting a set of logic or math problems to the contestants and requiring them to write computer programs capable of solving each of those

problems. The one that solves the most problems wins and there are tie-breaking criteria such as resolution speed and others.

Thus, the participation of programmers in this type of competition prepares them, in a playful way, for different real life scenarios.
