## REPORT ON INNOVATIVE GANESHA

Greetings from Dadi Institute of Engineering & Technology!!!!

DIET LITERARY AND CULTURAL CLUB (DLCC) has conducted " Making of Innovative Ganesh Idols" competition on 31st Aug 2019 on the Eve of Ganesh Chaturthi. The students from all years under various streams have actively participated and prepared various Ganesh Idols to exhibit their sense of responsibility towards the environment and to showcase their creativity..The students used different materials like clay, unused plastic bottles, oil cans, various electrical and electronic components, paper, mud, cloth etc which are either eco friendly or unused. They have prepared small posters briefing about their idol and exhibited them with much enthusiasm. Students from CSE have also written a programming code which when executed produces the shape of ganesha.

These Idols were displayed for 11 days and prizes were given to the winners on Sept 14<sup>th</sup> as a part of Engineers Day.

The idols were judged by the dignitaries who have been invited on Sept 14<sup>th</sup>, 2019. The Chief Guest was Sri K.V.V Raju, Chairman CII, Visakhapatnam Zone and Guest of honor was Smt K.N. Madhavi, Location Leader, Tech Mahindra, Vskp. The dignitaries really got impressed by the creativity and the effort put up by the students and also congratulated the college for encouraging the talents of the students in all aspects.

The Chairman of the college, Sri Dadi Ratnakar Garu congratulated all the participants and also motivated them for their further accomplishments. The Principal of the college, Dr. Ch.S.Naga Prasad applauded the students for their unstinted efforts in making the idols of Ekadantha creatively.

## Ganesha with waste!

### Creation of engineering students Anakapalli town, Newsday:

The latest forms of Ganesha are impressive with the ideas of engineering students. As part of environmental protection, the students dazzled by making Ganesha idols out of waste. The statues made by the diet engineering students of the town made of paper, flour, CDs, coconut husk etc. are a special attraction. The students said they made these with the idea of campaigning to stay away from the plaster of Paris. CSE, ECE, Civil and EEE students of the college beautifully made colored laddi for Ganesha made of paper as part of their project. Statues made of waste are a special attraction. These were put on display. College Principal Dr. Nagaprasad and Vice Principal Dr. Ishwara Rao congratulated the talented students. With CDs .. The form of the coconut enumerator Vignadhpati as a soldier who made paper .. We made a statue of Vinayaka with paper. Add light colors to make it more beautiful. Everyone was very impressed. The statues made by our fellow students are also unique. Statues made of waste are still good. - Ankatalakshmi, Hemalata, Engineering students to detect danger beforehand.. We made the statue of Vinayaka with CDs and more equipment. There is something special about this. Most people do not take care when putting up pavilions in the streets. There are chances of a short circuit. The idol we have made will give us a warning before such a thing happens.

We are planning for cooking parmannam dish, a traditional dish for festivals. Arrangements are done by DLCC students and set at the corner to give the festive feel.

We, therefore, hope that you would be kind enough to permit us to conduct cooking competition in the DIET premises and oblige thereby. The faculty & students of DLCC will take care of all the arrangements and also the cleaning up after the celebration. Kindly grant us the permission. Awaiting anxiously for your reply.

Thanking you Sir,

Yours Sincerely,

### DIET Literary & Cultural Club

Respected Sir/Madam,

Greetings from Dadi Institute of Engineering & Technology

**Event date:** 10th January 2020 on occasion of PONGAL CELEBRATION 2020 EVENT

**Events conducted :** Rangoli.

**Place of event :** Open lawn

**No of participants:** 126

**Coordinator:** Mrs.K.Manoharan

*Rangoli* is an art form originating in the Indian subcontinent, in which patterns are created on the floor or a tabletop using materials such as powdered lime stone, red ochre, dry rice flour, coloured sand, quartz powder, flower petals, and coloured rocks. Rangoli are usually made during Diwali or Tihar, Onam, Pongal, Sankranthi and other Hindu festivals in the Indian subcontinent, and are most often made during Diwali.

A Rangoli is a form of Indian folk art that uses intricate or simple patterns and geometric shapes, often symbolic, to create a sacred welcoming area for Hindu deities, or simply as decoration believed to bring good luck. The competition was judged by the very talented judges. The competitors gave out designs representing the importance in celebrating the festival. They came up with a variety of designs which in turn attracted the audience as well. A great support was given from the audience side. All our students who took part in the

competition made the competition a great success. The winners were well appreciated by the judges.

Sri Dadi Ratnakar, Chairman of Dadi Institute of Engineering & Technology, appreciated all students who participated in the event with a discourse on rangoli competition by encouraging all our traditions and conveyed pongal wishes.

Dr Ch S Naga Prasad, Principal of DIET conveyed his pongal wishes to all students and appreciated all participated students

## Music at the Intersections

Event date: June 21, 2019 on Occasion of World Music Day

Events conducted: Solo singing Competition, Speech by chairman Sri Dadi Ratnakar Garu and Principal Dr. C.H.S. Naga Prasad garu, Performance by Student Activity Centre (SAC) Team and Prize distribution.

Place of event: Open Air Auditorium

Convener: Dr. P.B. Ram Kumar

The first ever music day took place in 1982 in Paris as the Fete de la Musique.

The world music day 2019 will be celebrated in 700 cities in 120 countries like India, China, Germany, Italy, Greece, Russia, Australia, Peru, Brazil, Mexico, Canada, the United States & more.

Now coming to our institution where music is sensed as part of our life so DIET Management has encouraged the students and faculty to learn and relax themselves by soothing music by the student activity centre which is commonly called as SAC.

SAC is Part of DIET helping the students to learn various musical instruments like guitar, drums, Keyboard and pads by instrumental expert Sri. Kiran Kumar in addition to this students are being trained in vocals too.

### Performance by student Activity Centre (SAC) Members

Chairman, and our honourable guest Sri Dadi Ratnakar has addressed that music is close to our hearts and we cannot imagine our existence without it so much so that we are putting in all our efforts to spread the virus of music everywhere. And to the least of my surprise, I am seeing more and more people joining hands with us and the number of students developing interest in music is also increasing.

**Chief Guest Sri Dadi Ratnakar addressing the gathering**

Dr.CH.S.Naga Prasad, Principal has addressed that, music works as a medicine for those students who are going through these several problems like depression, obesity etc. We have admitted many students who are suffering from these problems physically or mentally and in a few classes we have seen positive results. Music helps in maintaining body balance physically as well as mentally. It helps in creating a feeling of joy in the mind that helps in relaxation of the nervous system. Music can be used as a tool for increasing concentration power also. It is the best solution to find peace for mind or body because of the busyness of our today's lifestyle.

The themes were decided by the students where the participants came up with the diverse state of mind and painted the pots very artistically. This event not only helped them to enhance their creative skills and talent but it also enriched the sense of participation
