

7.1.10 The Institution has a prescribed code of conduct for students, teachers, administrators and other staff.**Importance and Information regarding Code of Conduct for students:****Introduction**

Dadi Institute of Engineering and Technology has been dedicated to the all-round development of students since its inception, as evidenced by its Vision, Mission, Objectives, and Core Values. In addition to academic knowledge and intellectual development, student qualities relate to the spectrum of abilities, values, talents, and competencies that an educational institution fosters and facilitates. It is necessary to strike a balance between the syllabus curriculum, books, and co-curricular activities in order to accelerate a student's overall growth. Co-curricular activities provide pupils with the opportunity to hone certain skills and demonstrate non-academic strengths. The college offers a variety of extracurricular activities that allow students to collaborate with others while also learning important life skills. Despite the fact that our college offers a wide range of extracurricular activities for students such as cultural activities-intra and inter collegiate fests (DIET VIBRABT), N.S.S. activities, club and sports activities.

Facilities by the Institution

- ❖ Students are helped to develop into strong, independent individual who have a strong sense of national devotion and commitment to nation-building.
- ❖ Students are supported and guided to enrol in higher education overseas as a result our alumni hold prominent positions around the world.
- ❖ Respect, honesty, societal contribution, and religious tolerance are all woven into the fabric of our education.
- ❖ In the institution, ICT is constantly upgraded, facilitating all system linked to students, such as teaching, learning, examinations, administration, and financial transactions.
- ❖ Students' entrepreneurship is aided through Entrepreneurship Training and Skill-Based Education, which arises from the creation and implementation of the curriculum and extracurricular activities.
- ❖ We believe in constant improvement; hence excellence is a prevailing attitude in Dadi Institute of Engineering and Technology

Students strengthen their leadership, interpersonal skills, and self-confidence through participating in these and other extracurricular activities, as well as working on numerous committees. This also allows them to connect their academic knowledge with real-world experience, resulting in creating awareness of their own strengths and professional objectives. Our students have achieved success in various fields, including information technology, cinema, banks, and government. Every year the college has seen improvement in students pursue choreography as a career through cultural club activities and many students trained in yoga, karate, badminton, and volleyball.
