VANAM- MANAM- A MASS PLANTATION PROGRAM

NSS unit of Dadi Institute of Engineering and Technology (DIET), Anakapalli celebrated VanamManam – a Andhra Pradesh govt. Initiative to save Mother Earth on July 29, 2016 with great aplomb and enthusiasm. Meaningful messages were put up all around on the importance of trees and how they are the 'Lifelines'.

The Chief Guest **Sri Dadi Ratnakar** , Secretary & Correspondent in his address said that Vanam-Manam is celebrated as festival of Life. In India it is celebrated as a crusade to save Mother Earth. He asked the students to come up with innovative ideas for sustainable development without jeopardizing the non-renewable resources.

‘Van Mahostav’ festival of trees is a beautiful initiative to save the environment, to which we owe a lot. Everyone should plant trees in homes, schools, colleges, near offices and contribute in making our city greener than ever before.

Speaking on the occasion Principal Dr. Ch. Srinivasu said that Van Manam should be celebrated with full vigour and enthusiasm by ensuring the protection. Not just planting the saplings is enough , they should be watered regularly and should be protected.

NSS program officer Venkata Murali Palla in his address said that July month gives us the opportunity to fulfill our duty towards environment and towards trees, on which all of us and our coming generation depends. . Later in the day the guests, Principal, Head of the Departments, faculty and NSS volunteers, planted saplings and watered them and have taken a pledge to save mother earth by educating the need of mass plantation in the days to come.

REPORT: ROAD SAFETY AWARENESS

Respected Sir/Madam,

Greetings from **Dadi Institute of Engineering & Technology**

Road safety campaigns are an important way to spread awareness among people about road safety measures and rules. The results of road safety campaigns depend however, first of all, on the manner of communication to road users. Since the target of the campaigns are people or groups of people, and as the characteristics of their behaviour is different from one to another.

Road safety campaigns are flexible tools that communities can use to increase awareness and knowledge about specific road safety problems in their own community and can be adapted to a wide range of issues. Campaigns can be designed to target different audiences, are easily adapted to different media, and can be delivered for various lengths of time

As part of the program every Saturday NSS volunteers will educate the road users about the need of wearing helmet, seat belt and driving with minimum speed.

NSS unit has initiated educating the NH-16 users on the need of following traffic rules for safe journey. The event is supported by Traffic police of Anakapalle.

Sub: Permission for Conducting Cycle Rally to promote Healthy Environment on 4th Jan 2019

Sir,

On behalf of NSS, I request you to participate in the Cycle rally to promote a healthy environment on 4th Jan 2019. We, therefore, hope that you would be kind enough to permit us to take part in this event & support Andhra Pradesh Special Protection Force (APSPF) from DIET to Koppaka as a part of campaigning the message "**To build Non-Polluted Environment for the Next Generation**". The faculty & students coordinators of NSS will take care of all the arrangements by monitoring the participants. Kindly grant us the permission. Waiting anxiously for your reply.

Thanking you Sir,

Yours Sincerely,

Mr. P V Murali,
NSS - Convenor,

WORLD ENVIRONMENTAL DAY
5th June, 2019

Respected Sir/Madam,

Greetings from **Dadi Institute of Engineering & Technology**

World Environment day was celebrated by DIET NSS Unit on 5th June 2019. On account of this mass plantation was done in the college premises by NSS volunteers along with Principal, vice principal, program officer and Assistant Program Officer. The World Environment Day was a call to action for all of us to come together to combat one of the great environmental challenges of our time. The theme invited us all to consider how we can make changes in our everyday lives to reduce the heavy burden of pollution on our natural places, our wild life - and our own health.

The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises and communities in preserving and enhancing the environment.

Sri **Dadi Ratnakar**, Chairman of Dadi Institute of Engineering & Technology, he conveyed that this day is celebrated to successfully get focused on forest management, planting on degraded lands, energy production through solar sources, promoting coral reefs and mangroves, developing new drainage system etc.

Prof. **Dr. Ch.S. Naga Prasad**, Principal of DIET alleged that air pollution is increasing day by day and it seems complex to control it but nothing is impossible we should come together to combat it. And for this it is necessary to understand different types of pollution, how it affects our health, and environment will help us to step towards improving the air around us.

Prof. **Dr. K. Eswara Rao**, Vice Principal of DIET supposed that this day is celebrated to successfully get carbon neutrality, reducing greenhouse effects etc

ECO FRIENDLY VINAYAKA IDOLS**1stSeptember, 2019**

Respected Sir/Madam,

Greetings from **Dadi Institute of Engineering & Technology**

NSS has conducted Distribution of Eco friendly Vinayaka Idols on 1st Sep 2019 on the Eve of Ganesh Chaturthi.

The students of Dadi Institute of Engineering & Technology participated in distribution of ecofriendly Ganesh Idols in the College to exhibit their sense of responsibility towards the environment on 1st September, 2019.

The Secretary & Correspondent of the college, Sri Dadi. Ratnakar Garu said, “By Using Eco Friendly ganesha we will take care of our surroundings . The Nature and Water will not polluted by using this eco friendly ganesha.

The Principal of the college, Ch.S.Naga Prasad applauded the students for their unstinted support in distributing the idols of Ekadantha creatively.

At the end of the day, the Secretary & Correspondent, the Principal of the College, Dr.Ch.S.Naga Prasad and the Vice Principal of the college, Dr K. Eswar Rao distributed the clay idols of Ganesha to all the faculty members of the college. The stake holders of the DIET appreciated the management, principal, faculty members for motivating the students to bring out their inner talents.

WORLD ENVIRONMENTAL DAY
5th June, 2021

Respected Sir/Madam,

Greetings from **Dadi Institute of Engineering & Technology**

World Environment day was celebrated by DIET NSS Unit on 5th June 2021. On account of this mass plantation was done in the college premises by NSS volunteers along with Principal, vice principal, program officer and Assistant Program Officer. The World Environment Day was a call to action for all of us to come together to combat one of the great environmental challenges of our time. The theme invited us all to consider how we can make changes in our everyday lives to reduce the heavy burden of pollution on our natural places, our wild life - and our own health.

The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises and communities in preserving and enhancing the environment.

Sri **Dadi Ratnakar**, Chairman of Dadi Institute of Engineering & Technology, he conveyed that this day is celebrated to successfully get focused on forest management, planting on degraded lands, energy production through solar sources, promoting coral reefs and mangroves, developing new drainage system etc.

Prof. **Dr Chala Narasimham**, Principal of DIET alleged that Air pollution is increasing day by day and it seems complex to control it but nothing is impossible we should come together to combat it. And for this it is necessary to understand different types of pollution, how it affects our health, and environment will help us to steps towards improving the air around us.

Prof. **Dr. K.EswaraRao**, Vice Principal of DIET supposed that this day is celebrated to successfully get carbon neutrality, reducing greenhouse effects etc.
