7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust

Importance and Information regarding Institutional Distinctiveness:

Objectives:

- Develop social competencies, including the ability to interact, communicate, and work collaboratively in a team with coordination and cooperation.
- Foster resilience, team spirit, and boost students' morale.
- Explore the connections between physiological, cognitive, psychological, spiritual, and social development to better understand a student's thoughts, feelings, and behavior.
- Instill human values and professional ethics in students, helping them embrace the spirit of humanism and a sense of belonging.
- Equip students with the essential skills necessary for future success in their careers.

Since its inception, the institution has focused on fostering the holistic development of students. Committed to driving socio-economic transformation, the institution strives to provide quality education that fully meets the expectations of all students. In line with this commitment, the institution's vision and mission have been thoughtfully designed, embracing core values essential for promoting students' overall development. Beyond focusing on academic achievements, the institution also plays a pivotal role in facilitating social development through various community outreach programs, engaging students actively. As students participate, they develop a strong sense of individuality, while also enhancing their communication skills and understanding the impact of their actions on others.
