Vishakapatnam-531002.

Subject:-Requesting for Permission to organize Technical Event on “**Debugging**” on
13th March 2024: Regarding

Respected sir,

We, the Department of CSE here with requesting you to give permission to organize a
Technical Event for the students of I-B.Tech Students on “**Debugging**” in collaboration with
DIET ACM Student Chapter to create the Technical abilities and Programming Skills on 13-03-
2024 at Lab-5, Second Floor. In this regard we request to extend your kind cooperation.

ACM Technical (“Debugging”) Event Report

Introduction:

The Debugging event, organized by the Association for Computing Machinery (ACM) at Dadi Institute of Engineering and Technology, was a one-of-a-kind event that focused on testing participants' knowledge of basic error solving. Held on 13-03-2024 in Lab-5, the event attracted over 80+ participants eager to showcase their understanding of fundamental programming concepts.

Event Format:

The Debugging event consisted of a single round, during which participants solved a series of programs which contains some errors. The questions were designed to test participants' knowledge of basic programming syntax and concepts.

Participants:

The event saw participation from a diverse group of individuals, including students and programming enthusiasts. The participants' enthusiasm and eagerness to learn made the event a truly engaging and rewarding experience.

Questions and Topics:

The debugging questions covered a range of basic programming topics, including:

*Syntax and keywords of popular programming languages

*Basic programming concepts such as variables, loops, and conditionals

Scoring and Prizes:

Participants were scored based on the accuracy and speed of their answers. Prizes, including E-certificates, were awarded to the top performers, encouraging friendly competition and rewarding participants' knowledge and skills.

Impact and Feedback:

Feedback from participants highlighted the event's success in challenging them to think critically about programming languages. Many participants expressed a desire for more events focused on basic programming concepts, indicating a positive impact on their interest and understanding of programming.

Conclusion:

The Debugging event, organized by ACM at Dadi Institute of Engineering and Technology, was a resounding success. The event not only tested participants' knowledge of basic programming concepts but also fostered a sense of community and camaraderie among attendees. ACM looks forward to organizing more events to continue promoting interest and learning in the field of computing.
