

DADI INSTITUTE OF ENGINEERING & TECHNOLOGY

(APPROVED BY A.I.C.T.E., NEW DELHI & PERMANENTLY AFFILIATED TO JNTU GV)

Accredited by NAAC with 'A' Grade and Registered u/s 2(f) & 12(B) of UGC Act

An ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified Institute.

NH-16, Anakapalle - 531002, Visakhapatnam, A.P.

Anakapalle,
Dt: 01-05-2023

From,

Mrs. Archana B T
E Club Coordinator
Dadi Institute of Engineering & Technology.

To,

The Head of the Department
Dadi Institute of Engineering & Technology.
Anakapalle

Sub: Request for permission for conducting Just a Minute (JAM) session in association with E-Club activity on 01-03-2023

With due respect, here by stating that, I, on the behalf of Electronics & Communication Engineering Department request you to grand permission for conducting E Club activity on 01-05-2023. A JAM session is scheduled for II B.TechECE students from 3.00pm to 4.00 pm on 3rd May. We, therefore, hope that you would be kind enough to grand us permission.

Thanking you

Yours Sincerely,

Archana

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

ELECTRONICS-CLUB

In Association with IETE

Electronics club is the student run organization that strives to impart enthusiasm and passion for electronics and allied fields among students of ECE. We provide a platform to the students' body where any individual with an idea can approach the club freely to grasp the necessary technical skills required to turn that idea into a reality. This is a place where students get an opportunity to think outside the academic curriculum and get practical experience by implementing and applying concepts learnt in various theoretical courses. The club aims to uncover those key topics that are not part of the curriculum or just grazed upon by the syllabus.

The functions of the electronics club are to deal from basics of electronics to the peak of it. The domains of the club are designed in such a way that it provides all-round development of a student in all aspects. Teaching the students about the various components required to build both basic and complex circuits, helping them design and build complex circuits, giving them hints and tricks to make a circuit work, detecting bugs present in a built circuit are some of the key functions of this club. This indeed helps them not only in their studies but also in their career. In this rapidly moving world, where everyday a new technology comes into existence, it is extremely hard to keep abreast with all the technical know-how, but if our basic concepts are intact then we can aim for the top.

Aim of Electronics Club:

- Aim at bringing out the "technological best" in students
- The chief aim of the club is to bring the students out of their rooms and to expose them to the challenges awaiting them in the field of circuit design and hardware analysis
- Aim at providing students with the basic knowledge of electronics but also help them to use the basic concepts to come up with something constructive and useful for the society
- To conduct lecture series, paper presentations, poster presentations and also assign projects to students

Objectives of Electronics Club:

- To explain the concepts of electronics in a practical way and help them to gain knowledge.
- To provide a platform for the students to give a shape to their innovative ideas.
- To expose the students to the latest technological advancements in the field of electronics.
- To provide the students with thought provoking questions & makes them to think about it.
- To form a discussion board on latest trends of electronics which indeed improve their communication skills
- To provide hands-on training for students.
- To provide a virtual bridge between the present global industries and the department.

E-Club Activity conducted on 02/05/2023

E-CLUB, well known as Electronics club of ECE department in Dadi Institute of Engineering and Technology. Where it conducts different types of technical activities for all the students of ECE every month.

On May 2nd E-Club organized a event on Just a Minute to develop the knowledge and presentation of skills of students in recent technologies. The main aim of this event was to build confidence and communication skills in students. Students were given few topics and among the topic they have selected randomly, they will speak for one minute.

Event: Just a Minute

Time: 3:00PM-4:00PM

Venue: Communications Lab (AC/DC lab)

On 2/05/2023 E-Club activity was conducted to II B.Tech ECE students of. A total of 8 students participated in the activity.

Principal-Dr.Ch.Narasimham, HoD ECE-Dr.P.Poorna Priya, E-Club coordinator-Mrs. Archana B T and Faculty members addressed the gathering and appreciated the students for their active participation. In their address, they said to make use of this opportunity provided by the E-Club team and informed the other students to participate and increase their communication and technical skills through these activities which is the main objective of E- Club.

Ms.A Sivanayaki presenting on the topic technology in agriculture.

Ms.N Poojitha presenting on the topic is technology making us less human

Mr.J.V.S Srinivas presenting on EV adaption in India

Ms.B Joshitha presenting on topic Technology addiction

Mr.D Shivamani presenting on the topic Cyber attacks

Mr.J.V.S. Srinivas received first prize on JAM

Ms.B Joshitha received second prize on JAM session

II B.Tech ECE student participants for JAM session conducted on 2/5/2023
