The National Service Scheme (NSS) Unit of Dadi Institute of Engineering & Technology (DIET) successfully organized the Swachh Andhra Swarna Andhra Programme on March 15, 2025, with the aim of fostering cleanliness and environmental responsibility among students and the community. The program was inaugurated by Sri Dadi Ratnakar, Chairman of DIET, along with the NSS Student Coordinator and Faculty Coordinator, emphasizing the institute's commitment to the Swachh Bharat Mission, a flagship initiative of the Government of India. The event witnessed enthusiastic participation from NSS volunteers, faculty members, and students, who actively engaged in various activities to promote cleanliness and sustainable practices. Awareness campaigns were conducted to educate individuals on proper waste segregation, recycling methods, and the harmful effects of plastic usage. Volunteers effectively spread the message through posters, banners, and direct communication, inspiring individuals to adopt cleanliness as a way of life. This initiative stands as a testament to DIET NSS Unit's dedication to community service and environmental sustainability.

Swachh Andhra Swarnandhra Programme Inaugurated at DIET

A major highlight of the event was the impactful cleanliness drive, where participants actively cleaned various areas in and around the campus and nearby localities. Volunteers enthusiastically took to the task, equipped with cleaning tools, gloves, and garbage bags, ensuring every corner was spotless. This initiative aimed to lead by example, demonstrating the importance of taking responsibility for public spaces and encouraging others to follow suit. The drive not only improved the physical cleanliness of the surroundings

but also raised awareness among passersby about the significance of maintaining a clean environment. It served as a powerful reminder that small, collective efforts can lead to significant changes in society.

“Volunteers Leading the Cleanliness Drive”

This hands-on activity demonstrated the importance of taking proactive steps to maintain cleanliness and inspired others to join the movement. Additionally, interactive sessions were held to discuss sustainable practices and how individuals can contribute to a cleaner and greener environment in their daily lives.

“Volunteers Working for a Healthier Environment”

The Swachh Andhra Swarnandhra Programme at Dadi Institute of Engineering & Technology (DIET) was not just an event but a collective movement towards a cleaner and more responsible society. With unwavering dedication, NSS volunteers, faculty, and students actively participated in cleaning the entire campus and its surroundings, setting an example of community-driven change. Their efforts went beyond mere cleaning—they symbolized a commitment to sustainability and a healthier living environment. Through awareness campaigns, waste segregation drives, and plastic reduction initiatives, the participants reinforced the importance of maintaining cleanliness in every aspect of life. As the event concluded, the NSS Coordinator acknowledged the volunteers' hard work and commitment, emphasizing that the true success of such initiatives lies in their long-term impact. Cleanliness is not a one-time activity but a habit that must be ingrained in our daily lives. The volunteers' efforts not only transformed the physical environment but also served as an inspiration for others to adopt sustainable practices. By taking responsibility for their surroundings, they have paved the way for a cleaner and more conscious community. Looking ahead, the responsibility to sustain and build upon these efforts rests with each participant. The event was not just about restoring cleanliness for a day but about fostering a mindset of continuous environmental stewardship. Every action, no matter how small, contributes to a greater cause, and it is through such collective efforts that lasting change can be achieved. The DIET NSS Unit remains committed to organizing impactful initiatives, ensuring that the message of Swachh Andhra Swarnandhra continues to inspire and drive positive transformation in society.
