DIET Innovation & Incubation Center, Dadi Institute of Engineering & Technology has successfully organized a webinar on "NEXT GENERATION INCUBATION SCHEME" for both faculty and students. This webinar is conducted to inform about the CHUNAUTI - NextGen Startup Online Challenge Contest with a call for Startup Ideas from students, academicians and Startups. The Next Generation Incubation Scheme (NGIS) is STPI's comprehensive incubation scheme which has a vision to drive the rise of India as a Software Product Nation so as to make India a global player in development, production and supply of Innovative, Efficient and Secure Software Products thus facilitating the growth across the entire spectrum of ICT sector as envisioned in the National Policy on Software Products (NPSP) – 2019. Staff attending can also establish startups or can guide students to start their own Company. This has motivated all enthusiastic students to utilize this opportunity and uploaded maximum ideas to this contest using the link below.

https://www.mygov.in/task/chunauti-nextgen-startup-challenge-contest/

Objectives:

- To create an environment for exploring Startup Ideas in both Technical and Non-technical areas.
- To nurture and help students in promoting their Ideas to the next level.

Outcomes:

- Students have gained confidence in generating and promoting their Ideas.
- Faculty were able to select students who are innovative and guided them to build their Ideas.

Resource Person Profile:

M P DUBEY is joint Director of STPI and now looks after the growth of the IT industry in Visakhapatnam, AP.He took part in setting up the .in service in India and root servers. He promoted the Chunauti programme for recognizing Startup Ideas and in this context conducted by STPI in all educational institutions.
