The dynamic guru, who is loved by the youth for his camps and inspirational sessions, engaged the students in a refreshing and educative session on 29th November, 2021. His simple words coupled with audio-visual inputs threw new light on the meanings of 'success' and 'education' for the young listeners. In a light-hearted manner, he dwelt upon serious themes. Students were called on stage for some fun learning practical exercises. Besides, he discussed the importance of positive thinking and attitude which brings optimism in life.

No wonder, his engagement with the excited students was thrilling and power-packed. Through jokes, experience sharing and activities, he could hold the students spellbound and deeply involved. He demonstrated simple approaches towards 'simplifying' life and managing the unnecessary stress even students are so very prone to these days. Moreover, he shared his personal experiences of how to love nature and be a part of it. Students and all the faculties of Science and Humanities department joined the session.

He stated that understanding one's own personality and nurturing it well enables the individuals to be fine human beings and effective professionals. He felt that the knowledge of famous works like the epics written in various languages will help the students to understand the very sense of life and allows him/her on how to cope with the problems and face the hardships while shaping out their careers to become professionals.

At the end of the sessions students in their feedback have conveyed that they are carrying a lot of outputs from the session which would definitely shape their life and career.
