

Dadi Institute of Engineering & Technology

Approved by AICTE & Permanently Affiliated to JNTUK
NAAC Accredited Institute & Inclusion under Section 2(f) & 12(B) of the UGC Act
Visakhapatnam, Andhra Pradesh

A Five Day Training Program on

“Design of Power Converters Using Software Tools ”

Organized by
**Department of Electrical &
Electronics Engineering**

Course Instructor:
Mr B V Siva Prasad, EEE Department

Date: 17/01/2022 – 21/01/2022
Venue: Department of EEE

Dadi Institute of Engineering & Technology

Approved by AICTE & Permanently Affiliated to JNTUK
NAAC Accredited Institute & Inclusion under Section 2(f) & 12(B) of the UGC Act
Visakhapatnam, Andhra Pradesh

About the Institute

Dadi Institute of Engineering & Technology is a top ranked Engineering and Management College affiliated to Jawaharlal Nehru Technological University, Kakinada. The Institute is NAAC Accredited, ISO Certified and also associated with many professional bodies in the field of Engineering, Technology and Management. It strives to promote the highest standards among the students and enable them to build a New World. Dadi Institute of Engineering & Technology is distinctive among institutions of higher learning. Founded in 2006 by Sri Dadi Veerabhadra Rao, an academican and former Minister as the first multicultural and co-educational college in Anakapalle which admits only academically promising students.

About EEE Department

The Department of EEE was established in the year 2006. It offers B.Tech. program, with an initial intake of 120. It also offers M.Tech program in Power & Industrial drives with an intake of 36. The department has good infrastructural facilities and has full-fledged laboratories equipped with adequate hardware and software. The faculty members are actively involved in research and are publishing papers in reputed national and international journals/conferences.

About the course

Students will be able to learn the power converters which includes a device that gives energy to the charged particles constituting the current, such as a inverter or a rectifier and Three-phase 12 pulse converter etc.,
