CO-PO ATTAINMENT PROCESS

Following are the different methods for Assessment, Evaluation and measurement of POs

1. Direct Assessment methods
2. Indirect Assessment methods

Direct Assessment methods

Continuous Assessment: COs are assessed through Mid & Assignment Examinations. The Cos are mapped against each question and CO analysis is carried out by faculty for each course and documented in Faculty Course file. The contribution of COs are assessed in high, moderate and low levels, towards the attainment of POs.

Semester-end Theory Examinations: The questions in semester-end examinations are tested pertaining to all COs, in varying Blooms Taxonomy Levels.

Indirect Assessment methods

Programme – Exit survey: This survey taken from the final year students at the completion of their B.Tech programme, stands as the comprehensive feedback for the PO assessment

Alumni Survey : This survey is conducted annually through Google link or mail with the Alumni to obtain the inputs and suggestions on PO attainment in the real time societal environment

Employer Survey: This survey is taken from the employer to measure the PO attainments.
