(An Autonomous Institute)

Approved by A.I.C.T.E & Permanently affiliated to JNTU GV

Accredited by NAAC with 'A' Grade and Inclusion u/s 2(f) & 12(B) of UGC Act

An ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Certified Institute.

NH-16, Anakapalle - 531002, Visakhapatnam, A.P.

Website: [www.diet.edu.in](http://www.diet.edu.in), 9963993229 E-mail: [principal@diet.edu.in](mailto:principal@diet.edu.in)

Date: 18-05-2024.

## CIRCULAR

This is to inform to all the B. Tech EEE students that Department of Electrical and Electronics of Dadi Institute of Engineering and Technology in association with ISTE student chapter is going to organize one day Student Development Program on the theme "Fundamental Concepts of Embedded Systems & Programming" on 20<sup>th</sup> may 2024 via virtual mode. So all the B. Tech EEE students are informed to attend the Programme.

## A report on Student Development Program

### “Fundamental concepts of Embedded Systems & Programming”

The Department of Electrical and Electronics Engineering of Dadi Institute of Engineering & Technology- Autonomous in association with DIET ISTE Student Chapter conducted the Student Development Program “Fundamental concepts of Embedded Systems & Programming” on 20th May 2024 in Virtual Mode. The Program is a showcase of recent innovations in engineering, providing a platform for brilliant minds to unveil groundbreaking technologies and solutions. The program fostered a deeper understanding of embedded systems architecture and programming principles. It served as a valuable platform for students to explore the exciting possibilities offered by the world of embedded systems.

The poster features a blue background with a circuit-like pattern. At the top left is the Diet logo. The main title is 'DADI INSTITUTE OF ENGINEERING AND TECHNOLOGY (An Autonomous Institute)'. Below it is 'Department of Electrical and Electronics Engineering'. It mentions 'In Association with Indian Society for Technical Education (ISTE)'. The program is 'A One Day Student Development Program On FUNDAMENTAL CONCEPTS OF EMBEDDED SYSTEMS & PROGRAMMING'. It lists an 'EMINENT SPEAKER' as Dr. M.V. Lahari, Scientific Officer, E-Mobility Centre of Excellence, GVPCE(A). The 'TIMING & VENUE' is 'On 20th May 5Pm-7Pm Virtual Mode'. At the bottom, it lists three names: Dr. A.S.L.K Gopalamma (HOD-EEE), Dr. R. Vaikunta Rao (Principal, DIET), and Sri Dadi Ratnakar (Chairman, DIET). There is also a NAAC 'A' grade accreditation logo in the top right corner.

### Poster of Student Development Program

In today's rapidly evolving technological landscape, expertise in embedded systems

and programming is becoming increasingly crucial, particularly in fields like e-mobility. Recognizing this need, the Student Development Program at Dadi Institute of Engineering and Technology welcomed Dr. M. V. Lahari, a scientific officer from the e-mobility center of excellence at GVPCE, as a resource person. Dr. Lahari's extensive knowledge and experience in embedded systems and programming provided invaluable insights to students, enriching their understanding and preparing them for the challenges of the industry.

Key Insights from Dr. M. V. Lahari:

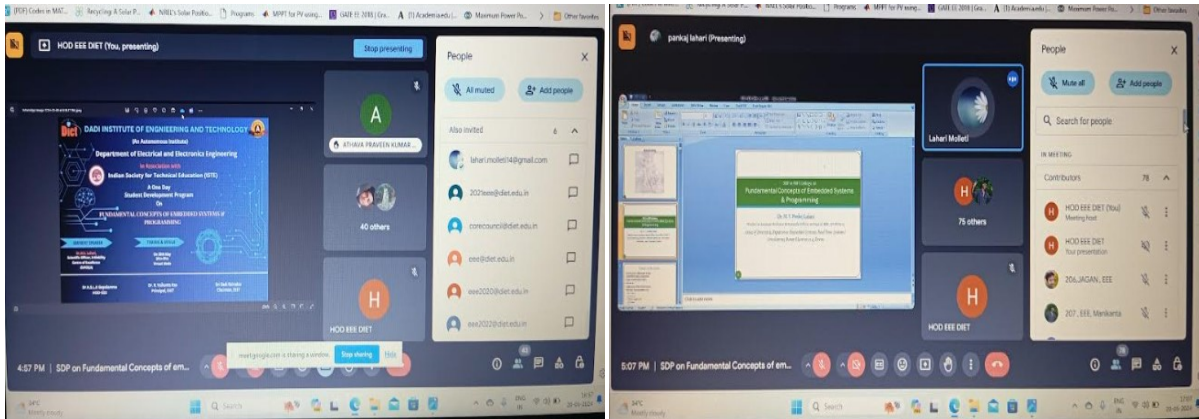

**1. Fundamentals of Embedded Systems:** Dr. Lahari addressed the fundamental concepts of embedded systems, while highlighting how common they are in modern day technology. Students acquired knowledge about the conception, creation, and implementation of embedded systems in several fields, including e-mobility.

**2. Programming for Embedded Systems:** Through practical examples and demonstrations, Dr. Lahari guided students in programming for embedded systems. From low-level programming languages like C and Assembly to high-level languages like Python, students explored the diverse programming paradigms essential for developing efficient embedded solutions.

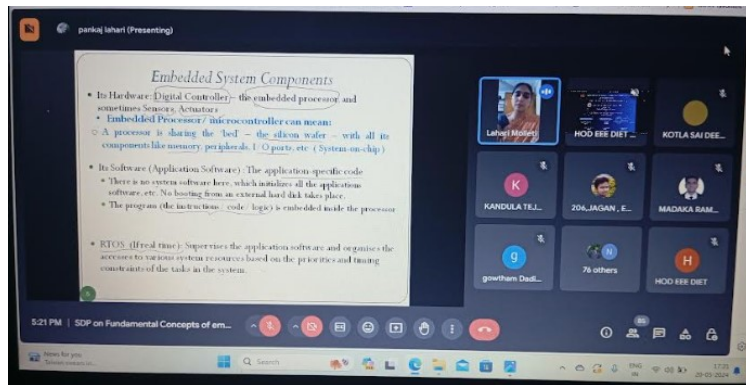

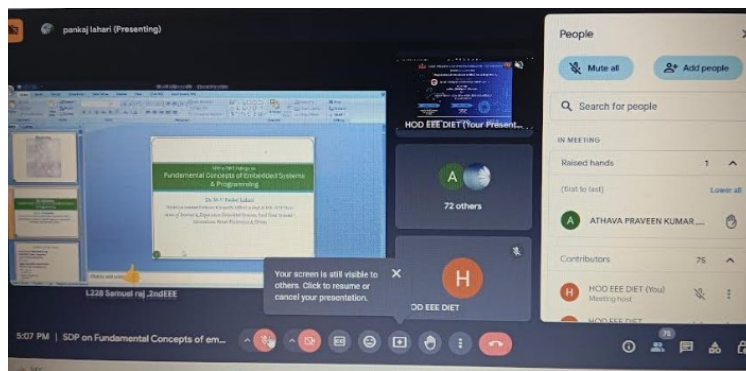

**3. Industry Perspectives:** Drawing from her experience at the e-mobility center of excellence, Dr. Lahari provided invaluable insights into industry trends, challenges, and best practices in embedded systems development. Students gained a holistic understanding of the real-world applications of their theoretical knowledge.

**4. Career Guidance:** Beyond technical knowledge, Dr. Lahari also offered career guidance, sharing insights into career pathways, skill requirements, and professional development opportunities in the field of embedded systems and e-mobility. Students were inspired to pursue careers aligned with their interests and strengths.

**Attendance: (No of Students- 99)**

**Conclusion:**

The inclusion of Dr. M. V. Lahari as a resource person in the Student Development Program proved to be immensely beneficial for students aspiring to excel in embedded systems and programming. Her expertise, practical insights, and industry perspectives enriched the learning experience, equipping students with the knowledge and skills necessary to thrive in the dynamic field of e-mobility. Moving forward, such collaborations between academia and industry professionals are essential to bridge the gap between theoretical education and industry demands, ensuring the holistic development of future professionals.
