

## DEPARTMENT OF EEE

### Report on Experiential & Participative Learning

Students of Electrical and Electronics are often given an opportunity to enhance their practical knowledge through Innovative Classroom Teaching [ICT] techniques implemented by faculty from time to time. Students are made in to groups and the batch wise presentations are conducted on a regular basis to all the students of Final year and Third year.

Some of the most commonly implemented methods are Experienced Learning sessions conducted in Laboratories, Participative Teaching done through students with use of pickers or equivalent properties, flip classroom concept where faculty will listen to students and then emphasize on the concept much deeper, Article reading by students on the concepts dealt in classroom previously, conducting seminars, repeating difficult topics by topper students and many more activities.

These activities are usually done through the department SPARKS club and also by Department faculty as a part of the tutorial sessions.

It has been observed that more the number of sessions conducted with the above mentioned concepts, better were the results obtained every semester.

Some of the glimpses of these strategies employed by EEE Department are shared in this document:

### **ICT Method through Pickers:**

# Dadi Institute of Engineering & Technology

(Approved by A.I.C.T.E., New Delhi & Permanently Affiliated to J.N.T.U.K., Kakinada)

NAAC Accredited Institute and Inclusion of section 2(f) & 12 (B) of UGC Act

An ISO 9001:2008; ISO 14001:2004 & OHSAS 18001:2007 Certified Institution

NH-16, Anakapalle, Visakhapatnam - 531002, A.P.

Ph : 9963981111, 9963694444 / [diet.edu.in](http://diet.edu.in) / [info@diet.edu.in](mailto:info@diet.edu.in)
