Feedback:

The Tech Tambola event was successfully conducted and received an overwhelmingly positive response from the participants. Students actively participated throughout the event with great enthusiasm and excitement. The event created a lively atmosphere, encouraging interaction among students from different departments and academic years. Overall, the feedback received from students was highly encouraging. Participants suggested organizing similar fun and interactive events more frequently as they help strengthen student relationships, improve campus engagement, and create memorable experiences. The successful conduct of Tech Tambola reflects the CSI Student Chapter's commitment to organizing quality extracurricular activities that enhance the overall student experience.

Conclusion:

The Tech Tambola event organized by the CSI Student Chapter, DIET was successfully conducted and achieved its objective of promoting student engagement through a fun and interactive activity. The event provided an excellent platform for students to participate in a healthy competition while enhancing communication, teamwork, and social interaction. The well-planned organization, smooth execution, and enthusiastic participation contributed to the overall success of the event.

Students actively took part in the game, enjoyed the exciting rounds, and appreciated the opportunity to win attractive prizes. The event created a lively and positive atmosphere, helping participants relieve academic stress and build stronger connections with their peers. It also showcased the CSI Student Chapter's commitment to organizing innovative extracurricular activities that contribute to students' overall personality development.

Overall, **Tech Tambola** was a memorable and rewarding experience for both the participants and the organizing team. The event successfully combined entertainment, engagement, and learning, leaving participants with enjoyable memories and encouraging greater participation in future CSI activities.
